Portfolio

PROFILE SUMMARY

Graduate Civil Engineer experienced in site supervision, quantity surveying, construction documentation, and AutoCAD drafting, progressing from Paid Intern to Civil Engineer on an embassy project, with structural and surveying internships. Strong understanding of construction methodologies, engineering standards, quantity estimation, and project coordination, supported by excellent analytical, communication, and problem-solving skills. Seeking opportunities to contribute to infrastructure and construction projects while continuing professional growth.

EDUCATION

B.Sc. Civil Engineering — COMSATS University Islamabad, Wah Cantt Campus	2022 – 2026
CGPA: 3.77/4.00. Specializing in structural engineering with active research in AI-based structural health monitoring. Program accredited by the Pakistan Engineering Council (PEC) as a Level 2 program under the Washington Accord.	
Intermediate (FSc Pre-Engineering) — Wah Hope College, Fateh Jang	2020 – 2022
Matriculation (Science) — Govt. Boys High School No. 2, Fateh Jang	2018 – 2020

EXPERIENCE

Graduate Civil Engineer — Huzaim Kamal Enterprises (HKE)	Jul 2026 – Present
<i>Construction of Afghanistan Embassy, Diplomatic Enclave, Islamabad</i>	
- Supervise and monitor civil construction; ensure compliance with approved drawings, specifications, and quality requirements. - Perform quantity take-offs, site measurements, and verification of construction quantities and materials. - Prepare, review, and modify AutoCAD drawings for project execution. - Support project management and senior staff in site execution, documentation, measurements, and coordination.	
Paid Intern — Huzaim Kamal Enterprises (HKE)	Sep 2025 – Jul 2026
<i>Same project; balanced professional responsibilities with B.Sc. Civil Engineering studies (completed July 2026).</i>	
Trainee Engineer — Structure Office, NESPAK (Pvt.) Ltd.	14 Jul – 22 Aug 2025
<i>National Engineering Services Pakistan</i>	
Structural office experience: structural analysis, design documentation, and office engineering workflows.	
Survey Camp — Field Training, COMSATS University Islamabad	5 Aug – 19 Aug 2024
<i>Wah Campus — Harnoi, Abbottabad</i>	
Intensive field surveying camp covering topographic survey, leveling, traversing, and contouring in real terrain conditions.	
Trainee Engineer — Site Engineer, Winston Developers (Pvt.) Ltd.	Jul – Aug 2024
Multi-storey commercial building: supervised construction, monitored quality control, assisted in material estimation and site coordination.	
Trainee Engineer — Site Engineer, Hashim Associates & Builders Pvt. Ltd.	Jun – Jul 2024
Residential housing: construction supervision, reinforcement checking, formwork, concrete pouring, and progress reporting.	

KEY PROJECTS

- StructInsight AI**: YOLOv11-based concrete crack detection and severity assessment system with a Streamlit web frontend.
- ETABS Structural Models**: Structural analysis and design models built in ETABS.
- Primavera P6 Scheduling**: Residential construction project scheduling using Primavera P6.
- Residential House Architectural Design**: Full architectural drawing set for a residential house.
- RC School Building Structural Design**: Reinforced concrete structural design for a school building.
- Quantity Cost Estimation — Multi-Storey RC Building**: Detailed quantity take-off and cost estimation.

TECHNICAL SKILLS

Engineering Software: AutoCAD (Expert), MS Word (Expert), ETABS, Revit, Primavera P6, SWMM, RISA 2D, MS Excel (Intermediate), LaTeX (Beginner)

Structural & Civil: Site Supervision, Quantity Take-off & Estimation, Construction Documentation, Engineering Drawing, Structural Analysis, RC Design, Steel Structure Design, Surveying, Foundation Design, Load Analysis

AI & Programming: Python, YOLOv11 / Deep Learning, Computer Vision, Image Processing (Intermediate)

Professional Skills: Teamwork, Communication, Problem Solving, Time Management, Technical Writing, Report Writing, Critical Thinking

LANGUAGES

Urdu — Native | English — Professional

CERTIFICATIONS & AWARDS

- 2nd Position — Open House & Job Fair, Spring 2026 (FYP)
- Certificate of Appreciation
- Certificate of Participation — Civil Nexus 2025
- Certificate of Appreciation — Treasurer, ICE CUI Wah
- CPD Seminar — Finite Element Method for Structural Analysis
- CPD Seminar — Impact of Machine Learning in Civil Engineering
- CPD Seminar — Non-Destructive Test Methods for Concrete Bridge
- Workshop on Introduction to R
- Webinar — AI/ML in Civil Engineering
